DEMOCRATS PICK GANNON AS LEADER

Popular County Clerk Wins Over Senator Brown—Has Big Majorities in New Brunswick and Perth Amboy—Both Men Will Go to Convention as District Delegates.

Page County Clerk Bernard M. Gannon, the undisputed leader of the Democratic party in Middlesex county!

The mantle of leadership was bestowed upon the shoulders of the popular county clerk by the Democratic voters at the Presidential primaries held yesterday between the hours of 1:30 and 10 p. m.

County Clerk Gannon opposed State Senator Thomas Brown and Melvin A. Rice for election as delegate from the Third Congressional District to the National Democratic Convention to be held at San Francisco next summer.

Senator Brown also ran on a "wet" platform and in a public statement the Senator declared he regarded himself as spokesman of the Democratic party in Middlesex county by virtue of his office and should be the delegate from this section to the convention.

It was on this issue that Senator Brown and County Clerk Gannon went to the barrier yesterday, and Mr. Gannon came out victorious, with Senator Brown running about 274 votes behind.

While Senator Brown lost in the fight for the leadership of the Democratic party in the county, he succeeded in winning election as one of the convention delegates by a wide margin.

Some of New Brunswick's industries are threatened with an enforced shutdown within the next 48 hours unless the Pennsylvania Railroad succeeds in getting coal to the power stations of the Public Service Electric Company at once.

The Public Service accumulated a fairly large reserve supply of coal just before the coal strike, but that hoarding of supplies caused great inroads upon the reserve stock, and when the railroad strike followed close upon it the company was forced to operate on a bare margin.

Public Service officials are making strenuous efforts to get coal, and it was announced this morning that the Pennsylvania chiefs had agreed to move coal for power purposes, even though the general embargo, caused by the railroad strike, is not lifted.

Several of the larger plants here manufacture their own power, among them being Johnson & Johnson, the U. S. Rubber Company, Michelin Tire Company, the General Cigar Co., National Musical String Company and the Brunswick Refrigerating Company.

General Wood Leads G. O. P. Primary Race For Presidential Choice

With 166 Districts Missing Out of 2,025 in New Jersey Wood Has Lead of 533 Votes—Edge, Frelinghuysen and Stokes Certain for "Big Four."

GENERAL LEONARD WOOD

NEWARK, Apr. 28.—Major General Leonard Wood was leading Senator Hiram W. Johnson by 533 votes this afternoon in New Jersey's primary contest.

The Californian, who took the lead on the first returns last night but who was 738 votes behind his opponent at seven o'clock this morning, managed to cut down this margin at one time to 322 but later General Wood regained ground somewhat.

Of the 35 Republican delegates including those at large, 23 are unpledged but several of these have announced their intention to vote for Wood. Two are pledged to Wood and four were described on the ballot as favorable to him.

Former Governor McCall who declared himself for Hoover made his best showing in Revere where he finished third. In many suburban towns he finished fifth.

U. S. SENATE AIDS DEEPER WATERWAY FIGHT ON RARITAN

With the passage of the rivets and harbors bill by the U. S. Senate, just announced, another stage in the movement for deeper water in the Raritan River has been passed.

The interest of the members of the Raritan Terminal and Waterways Association is manifested in the bill for two reasons. Primarily of course, on account of the provision for the new survey which will give the district engineer a wide latitude so far as his recommendations are concerned.

Factories May be Forced to Close, Due to Embargo on Coal East of Trenton

Public Service Reserve Stocks at Low Ebb and Commercial Power May be Cut Off—Railroad Promises Special Aid to Company.

The "Dry" Delegate is Badly Beaten in Massachusetts

(By Associated Press) BOSTON, Apr. 28.—The organization slate of Republican and Democratic candidates for delegates-at-large to the national conventions were elected by substantial majorities in yesterday's primary according to the complete vote today.

U. S. Senator Henry Cabot Lodge led the G. O. P. "Big Four" who headed the ballot as a group. He was followed in the order named by Speaker Gillet of the House of Representatives, former Senator Murray Crane and Edward A. Thurston, former chairman of the Republican state committee.

The Democratic "regulars" were elected by majorities of three or four to one over former Congressman O'Connell who made his campaign on an anti-prohibition issue.

Of the 35 Republican delegates including those at large, 23 are unpledged but several of these have announced their intention to vote for Wood. Two are pledged to Wood and four were described on the ballot as favorable to him.

Former Governor McCall who declared himself for Hoover made his best showing in Revere where he finished third. In many suburban towns he finished fifth.

WAR ON GOUGERS

PATERSON, Apr. 28.—Declaring that present day profiteering is merely a system of piracy and a sort of modernized version of the system employed by the robbers of the olden days, Judge J. P. Minton today issued a writ of habeas corpus for the arrest of three men charged with "gouging."

He said that the idea of waiting for the Federal authorities to punish profiteers was entirely wrong when home firesides were being attacked by these law breakers.

He called the jury's attention especially to the meat situation, asking it to make a special probe of conditions and prices.

BAR PREMIUM ON SALES OF SUGAR

NEW YORK, April 28.—Upon his return yesterday from Washington, where he attended the conference of heads of sugar refineries with Attorney General Palmer, A. W. Riley, chief investigator of the Flying Squadron of the Department of Justice, announced that the manager of a chain of stores who had been reported as conducting "combination sales" with sugar, had been interviewed by a Department of Justice agent and had stopped the practice.

ARRESTS BURLAR. FINDS HIM HIS SON

NEW ORLEANS, Apr. 28.—Zorcanio Hyver, private detective, lying in wait in a printing office early this morning for suspected robbers arrested an intruder at the point of his gun and when the lights were turned on discovered it was his own son. The father paid no heed to his son's pleas for mercy and the youth was taken to jail.

Four times in the past few weeks the printing office was entered and robbed. About \$50 in cash had been taken from the safe and \$25 worth of gold pencils and fountain pens were stolen.

Johnson Has Things His Own Way in the Middlesex Primary

California Given Big Majority and Carries District Delegates With Him—Ferd Garretson and Lewis S. Thompson Are Defeated.

The presidential primary election held in the Third Congressional District yesterday was replete with surprises and complications, and while the returns from Ocean county are slow in filtering through, sufficient returns have been canvassed to assure the election of Senator Thomas Brown and County Clerk Bernard M. Gannon both of Perth Amboy, as Democratic delegates from the Third Congressional District and the election of William H. Kline of South River, and Dr. William M. Thompson of Perth Amboy, as Republican delegates from the district.

Mr. Gannon was high man in the Democratic primary and thus was the mantle of county leader of his party. Probably the biggest surprise of the election was the defeat of former Mayor Ferd Garretson of Perth Amboy, who ran unpledged for Republican delegate from the Third District. The returns for Middlesex county are complete and give William H. Kline, pledged to U. S. Senator Hiram W. Johnson, 2,564 votes and William M. Thompson who was Mr. Kline's running mate 2,235 votes.

Mr. Garretson polled 2,235 votes and Lewis S. Thompson, another Red Bank man, 1,535. Johnson sentiment pervaded the atmosphere through the election in this section of the State. The Californian who paid two visits to Middlesex county and four visits to the Third District was profably rewarded at the polls, for he not only swept Middlesex by a margin of three to one.
