F. R. STOUT APPEARS IN SALE OF LOTS AS AUCTIONEER

WASHINGTON, May 18.—All American consuls in Northern Mexico are to confer with the military authorities at El Paso in order to give the military authorities an idea of what conditions actually are in Mexico and what steps need to be taken to protect Americans. It was said that Consul Letcher had been recalled to the border for this purpose.

Confirmation was received by the War Department of the rescue of Jesse Deemer and Monroe Payne, the Americans kidnaped at Glen Springs by Mexican bandits. Gen. Funston reported that they were rescued by Major Langhorne's cavalry. A despatch from Col. Sibley said that two bandits had been captured.

Rumored That Detectives Have Been at Work, With Startling Results—Evidence to Be Put Before City Fathers.

Stories were freely circulated today to the effect that private detectives, brought here by a number of interested citizens to investigate existing conditions, have secured a mass of evidence that will be presented before the City Commission when that body takes up the matter of renewing saloon licenses.

Rumor has it that evidence is in the possession of these interested citizens against fully twenty local liquor dealers, the charges being the sale of intoxicants on Sunday and failure to remove the window screens, as required by the Bishop's law.

It will be recalled that notice was served upon the City Commission by R. R. Stout a few weeks ago that others might take a hand in shaping excise affairs, and the present investigation is believed to have direct connection with that incident. Mr. Stout, however, refused today to admit any knowledge of the crusade.

It is said that very little trouble was experienced by the detectives in gaining an entrance to the saloons doing Sunday business and that drinks were easily purchased. Sample liquor were secured in each instance and will be submitted in evidence.

The men behind the probe may also go before the Grand Jury with their story in the event that the City Commission disregards the request for a pruning of the license list.
