

BROKE INTO HER BED ROOM AT MIDNIGHT

Mrs. Elizabeth Hall, of 35 Schureman Street, aroused from sleep by a prowler, who chokes her daughter gives alarm. Police arrest Edward Goss, colored, in lodging house, an hour after the daring attempt.

The movements of someone in her bedroom aroused Mrs. Elizabeth Hall, of 35 Schureman street, from her sleep last night, shortly before midnight. As she stirred in her bed, preparing to get up and make an investigation, there was a command: "Don't scream or I'll choke you!" And she felt the fingers of an unwelcome and unbidden visitor around her neck. Her daughter, by her side, was then awakened, and she at once screamed lustily.

The bedroom visitor then became alarmed and dashed down the stairs and out through the front door and into the rain-soaked street without any shoes.

Mrs. Hall, who is highly respected, was almost prostrated by the occurrence, but she informed the police at once of the attempt, and Sergeant Boyer then sent out a general alarm to catch the man. As the man leaned over the bed Mrs. Hall was fortunate enough to get a good description of him, and recognized him as the one who yesterday worked in the yard next door.

BIJOU FILMS WORTH \$500 ARE STOLEN

Manager Suydam Notified That Five Reels, Returned to New York Saturday Night, Were Taken from Sleeping Messenger - A Question of Responsibility.

Following his usual custom on Saturday evening, the moving picture operator at the Bijou Theatre took five reels of films to New York, leaving here on the 11.34 train and delivering the goods to a messenger in the metropolis. The operator has only fourteen minutes in which to make the delivery after the 11.34 reaches New York, in order to catch the "Owl" train back to New Brunswick, and hence the messenger is sent to meet him.

It appears that after getting the films and while riding on the "L" road to the offices of the General Film Company, where he was to deliver the goods, the messenger fell asleep, and when he awoke the films, which were valued at \$500, were missing.

Manager Suydam has been notified that the local playhouse is expected to make good this loss, and also to pay \$22.50 per day while the goods are missing. As the responsibility of the affair does not belong at this end, it is likely that an effort will be made to have the company, which furnished the messenger, make good the loss.

TRADE BOARD BRINGS NEW FACTORY HERE

Braun Wrought Iron Casting Co., of Bayonne, to Move to New Brunswick in June—Work for 30 at the Start, and 180 Later—To Occupy the Middlesex Bridge Plant.

Another new industry for New Brunswick! Work within a month for 30 men, and soon afterward for 130 to 180 men!

These things are assured. Less than a week after the completion of the negotiations which brought to New Brunswick the big cigar box factory which is to locate in the Jane's Board of Trade has secured another factory for the city. The way was opened for the new wheels of industry when the Braun Wrought Iron Casting Company, Inc., now of Bayonne, N. J., leased the buildings of the Middlesex Bridge Company's plant yesterday afternoon from John Alfred Van Nest, immediately after Mr. Van Nest, a creditor of the bridge concern, purchased the plant at bankruptcy sale.

By the first week in June the necessary furnaces and equipment will have been put in place, and the Braun company will commence operations, with an initial force of 30 men. It is the concern's intention to later erect an additional building, as soon as the now standing plant is in full swing. The new structure will measure 100 by 200 feet, and will have a capacity of ten tons of castings per day and will employ 100 to 150 men.

The Board of Trade has for some time been making investigations of this foundry proposition. Meanwhile the company, wishing to expand its business, has been casting about for a location more desirable than Bayonne. The prospects shimmered down to Newark, Rutherford and New Brunswick. Again the race ended with New Brunswick leading by a lap.

Users of the Braun company cast-

"Do As You Will," Are Funston's Orders; Fray At Tampico Thought Near

GARRISON GIVES FUNSTON POWER TO MOVE INLAND

WASHINGTON, May 6.—That Mexican troops in the vicinity of Vera Cruz are anticipating a possible American advance on Mexico City was indicated to-day by General Funston's dispatches. He declared the Mexicans are making concentration at various points along the railroad "to guard the road in case we advance."

Although Secretary of War Garrison declined to tell what orders he has issued to General Funston, he clearly indicated he has given the general discretionary authority and that he relies on Funston to take all necessary measures, even to extending lines to insure the safety of the water supply.

WIFE NO. 2 GOT LETTER SENT BY WIFE NO. 1

Acknowledging that he had betrayed his affections upon two ladies, one of whom he married in Hungary on January 6, 1908, and the other in Perth Amboy on May 31, 1913, Stanislaw Galba entered a plea of guilty to an indictment charging bigamy when he was arraigned by Assistant Prosecutor Stricker before Judge Daly yesterday afternoon. Galba was arrested in New York, through the efforts of Detective Peltier, and was brought here on requisition papers.

Voters Clear the Track For Greater Milltown by Balloting For Sewer and Water Systems

MILLTOWN, May 6.—Two-thirds of the voters of the borough of Milltown turned out at the special election which was held yesterday, about 75 per cent. of whom voiced their approval of the action of the officials to proceed with the installation of sewer and water systems in accordance with the plans and specifications of the Milltown Sewer and Water Commission, as approved by the Borough Council.

Special ballots were voted for the construction of a sewer system and the issuance of bonds therefor and the construction of a water works and the issuance of bonds therefor, the results of which follow: In favor of the construction of a system of sewerage in the borough of Milltown, according to resolution of Council dated December 11, 1913. 192 In favor of the issue of bonds for the above, according to resolution of Council dated March 12, 1914. 183 Against the construction of a system of sewerage in the borough of Milltown. 49 Against the issue of bonds for sewer system. 46 In favor of the construction of a system of water works in the borough of Milltown, accord-

TAMPICO TRUCE A FARCE; BATTLE RAGES NEAR CITY

WASHINGTON, May 6.—The rebels made a sharp attack on the federal reinforcements in the northwest portion of Vera Cruz Province yesterday, during an indecisive engagement, according to a message from Admiral Badger early to-day. The northwest portion of this province is a little inland from Tampico and is about 200 miles northeast of Mexico City.

The Admiral also transmitted a report from Admiral Mayo, at Tampico, stating it was persistently rumored there that General Villa is marching toward Tampico, with the avowed intention of taking and burning the city. Admiral Mayo said very little reliance is placed on the agreement between the federals and rebels for a truce at Tampico.

Huerta Drinking, Say Refugees.

VERA CRUZ, May 6.—With revolt in the capital reported to be threatened against him, and even Mexicans fleeing from the city to gain the protection of the American flag in Vera Cruz, refugees here today declare that General Huerta is drinking heavily. Starting in the morning with his usual cognac, the Dictator piles himself with liquor throughout the day.

The strain under which Huerta was laboring has apparently been greatly reduced by the selection of the government's representatives in the mediation negotiations, the refugees declare.

Some of the most prominent residents of Mexico City have arrived here. They fled from the capital because they expected Zapata, the rebel bandit, Villa or General Castro, of Joputla fame, to seize the city.

EL PASO, Texas, May 6.—Rebels under General Gonzalez have engaged the federals at Saltillo, according to a message brought General Villa by a native runner early to-day. Villa has made preparations to go to Saltillo within a few hours to take command.

The general assault, scheduled to begin last night, did not open as expected. No word had been received early to-day from San Luis Botosi, to the south, where General Ferrera and General Benavides were ordered to begin operations last night.

FIRE CHIEF DEAD AT PERTH AMBOY

PERTH AMBOY, May 6.—William P. O'Hara, chief of the fire department of this city, died suddenly last night at his home, 512 Miller street. Mr. O'Hara was taken ill with pneumonia at a recent fire, but there was every hope of his recovery. In fact he was gaining every day, and his sudden death comes as a great shock to his friends, who were numerous. He was well known all over the country, and was one of the best fire-fighters in the State.

Gratifying Results of Election Expected to Prove a Great Boon to the Tire Town and Pave the Way to Michelin Co.'s Expansion.

ing to a resolution of Council dated December 11, 1913. 188 In favor of the issue of bonds for the water works, according to a resolution of Council dated March 12, 1914. 181 Against the construction of a system of water works in the borough of Milltown, according to resolution of Council dated December 11, 1913. 47 Against the issue of bonds according to resolution of Council dated March 12, 1914. 43 There were 247 votes cast in all; of this number 15 were rejected. While it will be necessary to bond the town for about \$100,000 in order to establish the sewer and water systems as outlined by the plans and

FAIR SENORITAS CAUGHT SMUGGLING REBEL AMMUNITION

EL PASO, May 6.—That pretty señoritas, who smiled sweetly to Uncle Sam's customs officials and soldiers at the El Paso end of the International bridge were smuggling cartridges by the wholesale across the border to rebel troops in Juarez, was the discovery made here to-day. Infantrymen off duty downtown heard a jingling noise when they saw a Mexican girl board a street car for Juarez. They followed her and saw a stream of cartridges escape from a tear in her blouse.

GUADALAJARA, Mex. May 6.—Rumors from the interior reaching here to-day declare Walter Neal and Patrick Baird, both Americans, were wounded, and C. B. Heley and G. H. Williams, English citizens, were killed, in troubles at the El Sacor mines. The stories declared that a riot of the mine workers had resulted in the casualties.

Does Not Want a Bishop Who Smokes

TRENTON, May 6.—The diocesan Episcopal convention of New Jersey, before adjourning last night, cast one ballot on the election of a successor to the late Bishop John Scarborough.

There was no choice, but the vote may serve as a guide when the balloting is resumed to-day. Bishop Charles Brent, of the Philippine Islands, was high man with 38 votes. The Rev. William Blatchford, of Camden, tried to pledge the convention to vote for no clergyman who used tobacco.

In its history of more than a century, he declared, the Diocese of New Jersey had never had a bishop who smoked, and he thought the delegates should insist that there be no departure from this rule. At first the delegates received the remarks of the Camden rector jocularly, but failed to laugh him into silence. He was declared out of order.

SAMUEL M. BARR PLEADS GUILTY TO ALL CHARGES

NEWARK, May 6.—Samuel M. Barr, formerly of New Brunswick, who was indicted recently by a Federal Grand Jury on a charge of sending threatening letters to President Wilson, and still more recently on a charge of sending six obscene postals to six different young ladies of excellent connections in New Brunswick, to-day reversed his plea of not guilty and pleaded guilty to all charges. He is to be sentenced next week. Barr's action saves the New Brunswick young ladies unpleasant publicity. Had he been put to trial their names would have come out in the testimony.

specifications, it is believed that the same will not prove to be a heavy burden, compared with the conveniences that will be derived from the same. After the installation of the sewers we will have not only a more attractive borough by way of conveniences, but a cleaner, healthier and up-to-date borough. This will also give Milltown better facilities for fire protection and have a tendency to reduce the insurance rates.

The vote cast yesterday was much heavier than had been anticipated, and a larger number turned out in favor of the plans than was looked forward to. In certain sections of the borough, where it was thought the vote would be dead against the new issue, a large proportion favored the movement. All the Milltown voters employed in the Michelin tire factory were privileged to leave their work at 5 o'clock yesterday in order to go to the polls to cast their votes. The new systems after being installed, it is believed, will have a direct bearing on the future plans of the Michelin Tire Company in the way of still further enlargements of their already enormous plant here, and thus Milltown will benefit in this way by bringing more people into the borough.

NEPTUNE TO SELL ENTIRE OUTFIT

Members Decide to Sell Out and Avoid Complications—Bids for Property Received May 11.

Neptune Engine Company No. 2 held a special meeting last night at its house on New street and decided to sell out its entire outfit. Today on another page it offers its four horses, harness, trucks, sprinker and blankets for sale to the highest bidder, the bids to be received by Thomas F. Boylan, trustee, at his home, 150 French street, up to 8 o'clock on Monday, May 11.

The furniture and other articles in the house will be sold to private individuals and company members. A month ago the members decided to stick to the end—that is, until the department became a paid one on July 1—but the fact that there has been some talk of cutting out Engine 2 caused the members to sell out and thus avoid any further complications.

The committee that has charge of the sale is composed of Thomas F. Boylan, Richard Condon, Thomas Gavin, H. C. Mount, Thomas F. Barnwell and Henry B. Blaine. Protection and Washington companies met as well, but transacted only routine business.

POLICE INQUIRY TO-NIGHT WILL COVER WIDE RANGE

Many Witnesses Have Been Subpoenaed, Including Men Outside of the Department—Public Trial May Follow, if Testimony Warrants It.

Several witnesses will be examined at the police department probe, to be conducted in Common Council chambers this evening, and the witnesses will not be limited to the members of the department, by any means. All who are believed to have knowledge that will be of value in getting to the bottom of the trouble in the police ranks, have been subpoenaed, and the investigation will cover a wide range. The hearing will be conducted in Committee of the Whole, which is equivalent to saying that the general public, including newspaper men, will be barred. Explanation of this course has been given by Chairman Miller, of the police committee, with the statement that no formal charges have been made against anybody and the witnesses will meet tomorrow in the capacity of a grand jury, to determine if there is sufficient evidence to warrant a trial. If the testimony to-night discloses that blame rests upon the shoulders of Chief O'Connell or any of his subordinates, it is entirely within the province of council to place the accused on trial, which may be held either before the police committee or the entire council.

At such a trial, the defendant is entitled to be represented by counsel, and the hearing must be open to the public. A verdict of guilty may be accompanied with a recommendation fixing the form of punishment, and the right to appeal to the courts would remain to the defendant, should he care to pursue this course. No member of the police department can be removed except under charges, fully proven.

As the Home News has told previously, the principal friction in police circles is between Chief O'Connell and Recorder Edward Houston, and between the chief and Detective-Sergeant George Dunn. The investigation is entered into with a view to its effect on the department discipline.

FISH! FISH! FISH! at CAPTAIN CASLER'S, 128 1/2 Church street. Just arrived, lot of Delaware and Raritan Bay Shad—the only Raritan Bay Shad in town. Also Weakfish, Butterfish, Flounders, Herring, Bluefish, Codfish, Halibut, Mackerel, Sea Bass, Sea Trout; also extra fine Shoal Harbor Hard Clams. I wish to advise her that there are matters of interest to her, with the undersigned. George M. Eckert, M. E., 284A Central avenue, West Hoboken, N. J. Phone 240-M Union. m5-3t

PUBLIC DUMP, SOMERSET STREET AT CITY LINE.

'CRIBBING' MINISTER MUST GO

Members of Particular Synod in Session Here Decide a Knotty Question—Reverse Action of Newark Classis in Disbanding Church, But Bar Its Pastor.

After deliberating for more than three hours yesterday afternoon the Particular Synod of the Reformed Church, meeting in the Second Reformed Church, this city, reversed the action of the Classis of Newark in disbanding Christ Reformed Church of Newark, but approved its action so far as the desire to keep from the ministry of that church the Rev. Percival H. Barker.

The committee, through its chairman, Rev. I. W. Gowan, decided in favor of the appeal of the church because it was found the Classis had not notified the consistory of Christ Reformed Church of Newark of its intention to take such drastic action, and consequently the church was not given an opportunity to present its defense.

The committee recommended the action of the Classis be disapproved for that reason and the name of the church and the name of its elder be restored to the roll.

The action of the Classis of Newark in regard to Rev. Percival H. Barker was approved and the committee recommended enjoining the church to sever its relations with Rev. Barker unless favorable action be taken on his application for credentials to the Presbytery of America, which convenes on May 31. After an amendment to strike out the time limit had been made and carried, the committee's recommendation was concurred in.

This latter action impeded the appealing church the duty of removing Rev. Barker at once and granting him no further time in which to secure his credentials.

Routine Business. The afternoon session was opened with prayer by Rev. Mr. Brown, followed by a very able discourse by the retiring president, Rev. Theodore F. Bayles, of Bayonne, who took for his subject "Breath and Death." The treasurer's report was 30.

(Continued on Page Two.)

BOICE BACK AS MOTORCYCLE COP

Policeman Samuel Boice resumed his duties this morning for the first time since he was shot in the leg by one of three night prowlers, whom he attempted to arrest. His work is somewhat different now, as he has been put back on his old job, that of motorcycle cop. He sported a new uniform to-day. The return of the motorcycle cop has been under consideration for some time. This was urged by the Board of Trade. Boice hasn't done motorcycle duty in two years.

NOTICE TO EXEMPT FIREMEN!

The regular monthly meeting of the Exempt Firemen's Association will be held at South River, in Borough Hall, Thursday evening, May 7th, at 8 p. m. A large attendance is desired, as matters of great importance to the association will be considered, and action taken on the same. The members are requested to wear fatigue caps of the association or the volunteer firemen's caps. Trolley cars leave at 7 and 7:30 o'clock for South River. ANDREW J. SMITH, President, m8-1t
