LINEMAN KILLED BY LIVE WIRE

Albert G. Lewis, of the Public Service Electric Company, Killed While Repairing Wire at Plainfield.

PLAINFIELD, Aug. 9.—Albert G. Lewis, of Elwood Place, an employee of the Public Service Electric Company for the past three years, was instantly killed last night at six o'clock by coming in contact with a live wire while repairing the line at the corner of Clinton avenue and Aspin Place. Twenty-three hundred volts passed through his body, and though doctors worked over him for an hour with a pulmotor, his life could not be saved.

Lewis with other workmen, was not out early last evening to make repairs to the line, which had been damaged by the heavy thunderstorm yesterday afternoon. Nearby Lewis was working on a pole. Lewis was at work in a tree. Guineas heard Lewis exclaim "Oh," and then everything was quiet. Upon investigation Lewis's body was found entangled in the branches of the tree. Fire Chief T. O. Doane soon had one of the big fire department ladders pushed to the spot and the Public Service also supplied two other ladders by the use of which the man's body was lowered to the ground.

An ambulance from Muhlenberg Hospital was summoned, and about the same time as it arrived Dr. C. A. Geffrin reached the scene. He worked over the man with a pulmotor for an hour, but the man's life could not be saved. He had been killed instantly.

Lewis was connected with several lodges and was well known in this city. He is survived by his parents, Mr. and Mrs. Charles Lewis, and a younger brother. The funeral will be held from his late home on Friday afternoon at 2:30 o'clock. Interment will be in Hillside Cemetery.

Two Steamers Are Sunk And Third Blown up

LONDON, Aug. 9.—The British steamers Newburn, 3,554 tons, and Trident, 3,129 tons, have been sunk by German submarines, it was announced today at Lloyd's.

The Wilson liner Aaro, 2,603 tons, was blown up North Sea by a warship and it is believed all on board perished, according to a Berlin wireless telegram today.

PRESIDENT NAMES COMMISSION TO MEET MEXICANS

WASHINGTON, D. C., Aug. 9.—The United States and the de facto Mexican government have reached a complete agreement as to how to proceed to settle the trouble between the two countries. Acting Secretary of State Polk made this announcement today, following a conference with Ambassador Arredondo.

Mr. Polk explained that the Mexican envoy had told him that the Mexican government had accepted the proposal of this government made in the note of July 28, that the powers of the joint commission be broadened so they could take up all questions affecting the two countries.

President Wilson has appointed the American members to serve on the joint commission. It was stated that their names would be given out as soon as it is known they will serve.

200 Soldiers Reported Killed In Raid on Metz

LONDON, Aug. 9.—Two hundred soldiers were reported killed during latest air raid upon the German town of Metz. The railway was damaged.

Russians Capture Town in Galicia

PETROGRAD, Aug. 9.—The Russian forces have captured Tysmenica, in Galicia, only six miles from the great Austro-Hungarian base at Stanislau.

The Russian troops moving northward along the Kolemna railroad, are advancing rapidly.

Gerard Asks to Meet the Kaiser

LONDON, Aug. 9.—"United States Ambassador Gerard," says a Berlin dispatch, "has requested an interview with the Kaiser in order to present an important letter from President Wilson with reference to feeding the people of Poland."

HUGHES MAKES NO REPLY TO CHARGES

ST. PAUL, Minn., Aug. 9.—Charles E. Hughes, who reached here today on his campaign tour, declined to comment on the charges of the Wilson administration that he misrepresented the facts with regard to the Survey and Service Bureau in his Detroit speech. It is likely however, that the administration will be answered in a speech.

Three thousand persons greeted the nominee on his arrival here. The nominee will remain inactive until 3:30 o'clock, when he will motor to Minneapolis at 5 p. m., when he will make a brief address.

Mr. Hughes' physician has advised him to preserve his voice. He will leave St. Paul to-night for Fargo and Grand Forks, North Dakota.

RAILROAD STRIKE IS AVERTED

Employees Agree to Accept Mediation by the Federal Board, Which the Railroads Asked For.

NEW YORK, Aug. 9.—A strike of 400,000 railroad employees on the railroads of the United States was averted today. This was assured when President Garretson, of the Order of Railway Conductors, announced that the Brotherhood of Employees would accept mediation by the Federal Board.

The proposal that Federal mediators be called upon was made four hours earlier by the railroad representative, but the Brotherhood leaders then declined to consider this plan. Further consideration, however, led them to change their attitude.

President Garretson stated that mediation should not be confused with arbitration. They were not consenting to arbitration.

Notice that the railroad employees had accepted mediation was immediately sent to the members of the Federal Board at their hotel here.

NEW YORK, Aug. 9.—The big railroads of the country are willing to arbitrate their differences with their employees. When the conference of committees representing the railroads and four principal unions were resumed today Elisha Lee, chairman of the railroad committee, read a communication addressed to the four labor leaders suggesting that their differences be arbitrated by the Federal Mediation Board.

Mr. Lee then said that he and his associates would proceed at once to make an application for arbitration by the mediation board.

ITALIANS CAPTURE GORIZIA

Greatest Victory for Them Since War Began—Italian Forces Also Take 10,000 Prisoners.

ROME, Aug. 9.—The Italians have captured Gorizia. This is the greatest victory won by the Italians since the war with Austro-Hungary was begun. The Italians captured 10,000 prisoners. The fall of Gorizia opens the way for a direct drive on Trieste. Gorizia was one of the original objectives of the Italian army which invaded Austria, and it has been under attack for a year, but it was not until the bridgehead fell Monday night that the way was open for a direct drive upon the defenses on the eastern side of the Isonzo river.

When the Italians entered the city they found it in ruins.

TWO CONVICTS ESCAPE IN AUTO FROM SING SING

OSWEGON, N. Y. Two convicts are known to have escaped and three others are reported to have escaped from Sing Sing prison today. The men who are known to have gotten away for robbery in New York, and August Flashaky, who was serving nine and one-half years for robbery. The two men were working 1,000 feet from the prison gate. Suddenly an auto approached the gate and the two convicts dashed for the machine, which whizzed them away over the Albany post road toward New York City. A posse of guards started in pursuit.

German Report as to War's Progress

BERLIN, Aug. 9.—Numerous attacks against the German positions north of the Somme on Tuesday were repulsed.

Austro-German forces on the Dniester were withdrawn.

West of Luck in Volhynia fighting was favorable for the Germans.

On the coast of northern Courland damage was inflicted upon Russian torpedo boats.

Drowned Man Was On His Vacation Trip

The body of James E. Farrey, the deckhand of the barge Holly, who was drowned in the canal here on Sunday morning, has been shipped back to his home in Philadelphia by Coroner Hubbard, who took charge when the body was recovered after two days' search. It developed that Farrey was a hatter, and employed in a Philadelphia factory. Some time ago he decided to take a vacation trip, and when offered the opportunity of going on the barge, accepted.

THIEVES LOOT OFFICE OF ICE COMPANY

\$100 in Silver Pieces Taken from Commercial Avenue Office of N. B. Ice & Coal Co.—Complaint Against Wm. Phillips for Selling

Late last night or early this morning, thieves entered and looted the office of the New Brunswick Ice and Coal Company on Commercial avenue, according to the report made to the police this morning by Edward Brady, the proprietor.

One hundred dollars in silver of various amounts from a nickle to a dollar was taken by the thieves. This change was turned in by the various drivers after the day's work yesterday, after it was too late to bank it.

Entrance was gained by cutting the window screens, the windows being left open, because of the heat. The theft was not discovered until this morning when the office was opened, though a night watchman, employed by the company, was in the vicinity during the night.

Phillips to Have Hearing.
William Phillips, of this city, will be given a hearing on Friday afternoon on the charge of violating the city ordinance in allowing his horse and wagon to stand on the street longer than ten minutes. Phillips has been in the habit of selling sandwiches and pies to the employees of the Simplex Automobile Company at noon and evenings, making a trip to that vicinity at various times.

The arrest was made by Patrolman (CONTINUED ON PAGE 7.)

LOSE ESTATE FOR SHOWING NO AFFECTION

Andrew Sandahl Cuts Off Seven Nieces and Nephews for That Reason—Bound Brook Parties Get Requests.

NEW YORK, Aug. 9.—The will of Andrew Sandahl, who was known also as Andrew Eliasson—a deceased brother of Edward Sandahl, of No. 215 Church street, Bound Brook—on file for probate to-day in the Surrogate's Court, contains these two striking paragraphs:

"I have purposely refrained from making any provisions in this, my last will, for the benefit or advantage of certain relatives of mine in Sweden and in this country for the reason that they have not manifested for me any affection and regard or other interest in my welfare, nor have they shown any disposition or inclination to communicate with me." This and is intended for seven nieces and nephews in this country, Harold, Carl, Gustave and Conrad Sandahl, Christina S. Haskins and Anna S. Grouch, all of Des Moines, Ia., Hulda S. Wilcox, of Road House, Ill., and (Continued on Page 3.)

Turkish Forces Are Still In Retreat

LONDON, Aug. 9.—The Turkish forces that tried to cut through the British troops defending the Suez Canal are still in retreat. British cavalry forces have driven the Turkish rear guard back to a point fifteen miles east of Elkatia.

Since the battle of Elruma, where the Turkish force was defeated August 4 and 5, the British have advanced 30 miles.

THIAUMONT WORKS AGAIN CHANGE HANDS

PARIS, Aug. 9.—Thiaumont works, northeast of Verdun, has again changed hands—the sixth time within 120 hours.

By a series of powerful assaults last night the Germans succeeded in penetrating and holding the works.

North of the Somme the Germans made violent counter-attacks around Hem, but all were repulsed except at one point, where the Germans stormed the first line trench. The French, by a counter-attack, and the Germans were partially ejected.

The Germans also penetrated an advanced position of the Allies on the Lihons-Chaules railroad, but they were immediately ejected.

There was extreme fighting around Thiaumont works and Fleury. Although the French lost at Thiaumont, they made progress at Fleury.

Miss Williamson Saves Pup From Demon Dog Catcher

Miss Julia Williamson, of Union street, society girl, and younger daughter of Architect Douwe D. Williamson, proved herself a heroine when she jumped from an automobile on George street, this morning and rescued a pedigreed white bull pup from the very paws of Dog Catcher Thomas Dutton.

Miss Williamson is a great lover of animals, especially dogs, and will not stand for any ill-treatment when she is around to defend them.

The bull pup, which belongs to the Sutton family, of Union street, had followed a member of the family down town on a shopping expedition, and was running in front of P. J. Young's store, and enjoying the cool breezes, when along came his enemy, the dog catcher. The animal had a presentiment that something dreadful was to happen, especially when he saw a man get out of the wagon with a big net. At this juncture Miss Williamson came along in a automobile. She saw at a glance the state of affairs, and recognized the pup. She jumped out and made a dash for the sidewalk and beat the dog catcher to it, the man vainly expostulating at the procedure. Miss Williamson, however, did not stop to argue or anything else, but jumped into the car again and took Master Doggie to his own domicile. It is safe to say that the bull pup will remain in seclusion until the dog catcher has finished his season's work.

The rescue was watched with intense interest by pedestrians, who were delighted when the young woman came off victorious. The bull pup expressed his thankfulness by casting an adoring look at his rescuer.

FOUR KILLED IN ZEPPELIN RAID

LONDON, Aug. 9.—Zeppelins raided the east coast of England and the southeastern coast of Scotland early today, killing three women and a child. Fourteen other persons were injured. No damage of military importance was done.

The raiders did not go very far inland, but dropped a large number of bombs on the coast. The airships were finally driven off by anti-airship guns.

JOE AUER IS BOY HERO AT MILLTOWN

Charged With Swimming in Lawrence Brook, He Refuses to Give Names of Other Boy Swimmers

MILLTOWN, Aug. 9.—Joseph Auer, 15 years of age, of this place, was arraigned before Justice of the Peace Joseph Headley last night on a charge of swimming in Lawrence Brook, the New Brunswick watershed. The boy was released with a reprimand after a hearing, which created more than the usual attention among Milltown people.

More than 200 Milltowners attended the hearing, and several, including Harry Meyers, the principal of the Milltown schools, appeared in the boy's behalf. Auer graduated from the Milltown public school last June, and was first honor pupil. The complaint against the youngster was made by Charles Morris, superintendent of the New Brunswick Water Department, but there was not sufficient evidence on hand to secure a conviction.

On Monday night the Auer boy was found sitting on the bank of Lawrence Brook with his clothes off by one of the watershed inspectors. In the opinion of the justice who heard the case this was not sufficient evidence to prove the boy had been swimming in the brook. Accordingly he was released with a reprimand.

For some time it has been believed that Milltown youngsters have been swimming in various parts of the watershed, which furnishes the drinking water in New Brunswick, and the inspectors have been vigilant. The complaint against Auer, it is believed, was made in the hope that he would (CONTINUED ON PAGE 7.)

JAMESBURG COUNCIL AGAINST ENFORCING THE BLUE LAWS

JAMESBURG, Aug. 9.—Without one dissenting vote the members of the Common Council voted to "lay on the table" the report of the police committee the resolution that the council the question whether Jamesburg would be "wide open" or "closed tight" on Sunday. This means that henceforth it will not be considered a crime to buy ice cream, cigars, gasoline or any other articles that the police and borough ordinance forbids. The sentiment of the entire council seemed to be in favor of closing up the stores on Sunday but the question of discrimination presented itself in regard to the closing of but a few and the whole affair was settled for the time being by burying the report before it had gotten very far into the committee's hands. The committee handling the question were Harry Groves, chairman; Harry Heckman and Clarence Thomas.

The question of Sunday selling arose at the meeting of the council held in Borough Hall on Monday night. President Harry Groves occupied the chair in the absence of Mayor Patten. Those present were: President Harry Groves, Jacob Hauser, Harry Heckman, Clarence Thomas, Clerk William Brooks and Attorney John P. Kirkpatrick. The first business of the night was (CONTINUED ON PAGE NINE.)

Political Facts.
