BOOMS FREELINGHUYSEN FOR GOVERNOR

Senator Jackson Starts Movement to Elevate His Former Colleague from Somerset at Brunswick Club Banquet—Col. Frelinghuysen Sidesteps.

Called as the next Governor of New Jersey, Senator Joseph S. Frelinghuysen, of Somerset county, stood before the Brunswick Club at its annual banquet in the Mansion House last night and sidestepped the proffer very neatly.

But the "boom" launched for the Somerset Senator was a matter of considerable interest, however, for it was former Senator William H. C. Jackson who set it going. Willing hands and voices there took it up.

Hilberts the Brunswick Club has made its annual banquet a private affair, only members being invited, but this year each man was permitted to bring a guest, and the affair was given a more public nature.

CANAL TO-DAY NOT AS GRAND AS IT WAS 50 YEARS AGO

OLD RESIDENTS RECALL TIME WHEN 1,000 MULES WALKED THE PATH AND THE WATERWAY WAS A BUSY PLACE.

The re-opening of the canal for business this week recalls to old residents along the river from the time, forty or fifty years ago, when the Delaware and Harrigan Canal was the busiest waterway in the country.

CHAS. McLAUGHLIN DEAD AT 69

HAD BEEN FAILING SINCE HE WAS STRUCK BY A TRAIN AT OLD DEPOT SIX YEARS AGO—HAD INTERESTING CAREER.

Charles A. McLaughlin, Sr. died at his home, 18 Bayard street, at 7:30 o'clock this morning after an illness of only four weeks. Although he had been about attending to his duties in apparently good health, Mr. McLaughlin has been failing ever since he met with a railroad accident at the old George street station, about six years ago.

Mr. McLaughlin was the son of the late Bridget and Michael McLaughlin, who came to this country in the early part of the nineteenth century. Coming to this city, they located on Neilson street.

He was the second oldest of a family of five children, all of whom are now deceased. Had he lived until the 15th of next month he would have been 69 years of age, being born April 13, 1838.

The deceased was educated at the Poynt private school, on Albany street, and later on he attended the Grammar school, which is now Rutgers College Preparatory School.

RESIDENTS START AN AGITATION FOR THE PAVING OF THIS STREET. A petition is being circulated along New street asking Common Council to pave that street this year.

The agitation for the pavement of New street has been on for years and once before reached the stage where a petition was circulated. The street is a muddy street and it requires many days for the moisture to dry up after a rain.

RAISED LARGE FAMILY. In October, 1875, Mr. McLaughlin married Miss Ellen McElroy, of Brooklyn, N. Y., and twelve children and two grand children bless the McLaughlin home.

Leaving the place of his birth on Neilson street, the deceased moved to New street, then to Railroad avenue, and from there to Bayard street, where he passed away this morning.

Mr. McLaughlin had three sisters and brothers, all of whom are now deceased. Two dying recently, Miss Mary McLaughlin and Mrs. Mary Foley.

The McLaughlin family was among the first parishioners of the "Old Catholic Church" on Bayard street and have retained their ties at St. Peter's Church there since that church was erected fifty years ago.

During his last illness Mr. McLaughlin was attended by Dr. Patrick A. Shannon, who had every hope of pulling his patient through until it was found he had developed pneumonia, and in consideration of his advanced years recovery was impossible.

BOYS STOLE MALLET FOR REVENGE. Blacksmith Witty, Who Had James Caine Arrested, Is Charged With Striking Boy.

William C. Witty, blacksmith, of 25 Dennis street, had James Caine, a boy of twelve, living near the shop, arrested this afternoon on charges of stealing a mallet from the blacksmith shop. Caine charges that Witty struck him in the face after catching him, and Caine's mother made a complaint against the blacksmith on that score.

Caine and Samuel Eilant, it seems, were given some cakes by Baker Brogley for unhooking the horse from one of the bakery delivery wagons and taking the wagon to the blacksmith shop to be repaired. The boys say they left the cakes in the wagon and Witty refused to let them take them out. Then the boys say, they picked up a mallet they found lying handy and made off with it.

Witty telephoned for an officer and Detective Dunn came to the shop. Mrs. Caine had arrived on the scene and counter charges were made and Dunn took both Witty and Caine to the police station to tell their stories to the Recorder.

Caine says it was Eilant who took the mallet. The mallet was worth only a few cents, but Witty says there have been numerous thefts from his place, and he believes it necessary to make an example of someone.

ELIZABETH'S ARMLESS BUSINESS MAN IS DEAD. ELIZABETH, March 21.—Thomas J. Flynn died yesterday at his home, 1155 Elizabeth avenue. Mr. Flynn for many years was a merchant in Broad street. He retired from business a few years ago.

In a railroad accident near New Orleans, in twenty-four years ago, Mr. Flynn lost both his arms and, friends coming to his aid, he established himself in business here, and was very successful. He is survived by his widow, a son, a daughter, three brothers and three sisters.

TEACHERS STILL PURE FOR SPRING VACATION

Discuss the Possibility of It, After An Unfavorable Report From the Board of Education.

The New Brunswick Teachers' Club held its quarterly meeting yesterday afternoon in the High School auditorium. There was a large attendance, and many subjects of general interest were discussed.

A note was read from Miss Elizabeth A. Allen, of Hoboken, thanking the club for the beautiful gift of books sent her as a slight token of appreciation for all she has done for the teachers of New Jersey, and as an expression of sympathy in her recent unfortunate accident.

A letter was also read from Dr. Baxter, thanking the club for its kind regards of congratulation upon his re-appointment as State Superintendent. He spoke in the highest terms of New Jersey's teachers and inclosed a copy of his open letter sent to Boards of Education throughout the State, urging the necessity of increasing the teachers' salaries, without regard to any revenue to be derived from the railroads under the Perkins bill.

Increases Elsewhere. The club has heard from many cities of a large increase to be made in the salaries of their teaching corps. Atlantic City is the last heard from, where the increase is to be 16 per cent, and the teachers of New Brunswick are awaiting with a great deal of interest the action this year of the local Board of Education.

Spring Vacations. On the subject of a spring vacation, the following reply was read from the Board of Education:

"We would report that after carefully considering the request, we are of the opinion that it would be imprudent at present at least, to make any changes that will shorten the actual school term, considering the number of days during the term on which there is no school (such as holidays, stormy days, etc.) we deem it unwise to further reduce our actual school work by closing some one week in the spring. We therefore do not recommend the request."

All school districts have holidays and all the leading cities of the State have a spring vacation, with the exception of the teachers of New Brunswick on stormy days, and as there is much uncertainty in regard to holding school the afternoons of stormy days, under the present rule in New Brunswick, the club discussed the feasibility of following the plan of a majority of the cities of the State where they have a spring vacation, but do not close the schools in the mornings for storms.

LOST FINGERS IN A MILL ROOM. J. Becker Held On to Steek Too Long and Hand Was Drawn Into Rollers.

J. Becker, of 15 Dennis street, employed as a helper on the mill room of the United States Rubber Company, met with a painful accident while at work at the factory at 2:30 o'clock yesterday afternoon.

Becker was employed as a helper on a lining calender, which is in charge of a regular foreman, and was in the act of straightening out a wrinkle in some stock, which was being run through the machine, when he allowed his left hand to remain too long on the stock and his fingers were caught in the rollers and smashed.

The machine was stopped immediately. Dr. Smith had the man taken to his office where it was found necessary to amputate the first finger below the finger nail, the index and little fingers at the first joint and the third finger was badly smashed. It was found necessary to amputate.

The man has been in the employ of the factory for about a year and a half. He is resting easily to-day.

DISTINGUISHED MEN TO JUDGE RUTGERS' DEBATE. Rutgers and Delaware College debaters will meet in Kirkpatrick's Chapel to-morrow evening at 8 o'clock. The subject of the debate being "Resolved, that the United States Congress should adopt the system of ship subsidies."

Dr. Demaree will preside and the judges will be Dr. W. R. Martin, librarian of the Hispanic Society of America; Prof. J. T. Shotwell, of Columbia University; Willard E. Stearns, principal of the Newark High School.

Rutgers will be represented by Sleiff, 107; Eshley, 97; and George A. Leuk, 47. Delaware will be represented by E. F. Warrington, W. T. Wingett and G. A. Papperman.

JANEWAY PLANT MAY LEAVE TOWN

Col. Janeway Unable to Get a Siding Along Pennsylvania Railroad, Except Past Millstone Junction—May Go to Bound Brook.

The plans of Colonel Janeway for locating in Highland Park are somewhat changed to-day, as the Colonel has received information from an indirect source that the Pennsylvania Railroad will not comply with his wishes as to the granting of a permanent siding. It has also been intimated that railroad company intends to take away the siding from the Waldron Co. in Highland Park, if this is the case, local people will know whereof they speak, say it will be about time for the State Legislature to take a hand in the matter.

The Pennsylvania Railroad apparently is indifferent as to the amount of freight business they receive on this division of the line, while elsewhere they crave for the business. Colonel Janeway is about disgusted at the turn of affairs, and gave out this statement to-day.

"While I loathe to leave the city of New Brunswick, I feel that the only course I can take is to seek quarters elsewhere, since the Pennsylvania Railroad intimates they will not grant me a permanent siding."

The Colonel also will go to Bound Brook to-morrow afternoon to see what he can procure there in the way of a factory site.

CAMPBELL OFFERS SITE. A. Brundage, representing S. Campbell, the real estate agent of Metuchen, called upon the Colonel to-day to offer a site at Pleasantway. The Colonel will go over this site on Saturday. The advantages offered on this site is that the Haritan River branch of the Lehigh Valley Railroad runs within a mile of the site offered, and the railroad authorities will extend the spur to the factory.

A corps of engineers will be at the site on Saturday morning to go over the same with Colonel Janeway. The site offered is this side of Silver Lake and near Martin's dock and is seven minutes' ride in the trolley from this city.

The only thing that the Pennsylvania Railroad Company can do for us, said a prominent member of the firm to-day, "is to poke us away back on a siding beyond Millstone Junction. Here they will give us a permanent siding, which would be of little or no value."

The intimation that the railroad people contemplate removing the long established siding of the Waldron Co. will cause forth much contempt in the minds of the people who are working for this city's progress.

GARRET S. BOICE DIES OF PARALYSIS. Brother of George B. Boice, of This City, Succumbs at Daughter's Home in Bound Brook.

Garret Smoek Boice died at the home of his daughter, Mrs. E. E. Shaw, of Bound Brook, yesterday, aged 75 years. He had been an invalid for some time and on Tuesday he suffered a stroke of paralysis which resulted in his death yesterday.

He was a brother of George B. Boice, of Townsend street, this city, and Isaac Boice, of Paterson. He also leaves three daughters and a son, Mr. Carey, of Bergen Point; Mrs. Eugene MacDonell, of Jersey City; Mrs. E. E. Shaw, of Bound Brook, and Edward B. Boice, of Bound Brook.

His funeral will take place at the home of his daughter, Mrs. Shaw, at Bound Brook, to-morrow afternoon at 2 o'clock and the interment will be in Paterson on Saturday morning.

HANNAH HOYT STUDENT DIED AT POOR FARM. Miss Ellen Robins, daughter of the late Allen and Matilda B. Robins, died at the poor farm last evening, after a brief illness. She was nearly 70 years of age and had no relatives in this city. When a young girl she was a student at the Hannah Hoyt school in this city. On March 1 last she was severely burned by a spark from the stove, which ignited her clothes; she was attended by Dr. E. L. Cronk and fully recovered, when a relapse set in and she died last night.

The remains were conveyed to the undertaking establishment of Herbert & Moke, and will be buried from there on Friday afternoon, at 2 o'clock. The interment will be in the family plot in the Central cemetery on Morris street. The deceased was a member of the First Presbyterian Church, and was well known.

FLOWERS. A larger and finer assortment than ever before of Easter lilies, azalea, hycinth, sprays, lilies of the valley, tulips, daffodils, primroses, Rhododendrons, pansies, crimson rambler roses and cut flowers will be seen at Kitchensmeier's, Albany and Neilson streets, during Easter week. Leads will be brought from the greenhouses on Tuesday and during the rest of the week. Churches please order early. mlb-17
