THIRTY-SECOND YEAR.
**"FAST LINE"
IS SOLD FOR
\$200,000**

Trenton Trolley Bought By
Bondholders at Auction Before
Frank S. Katzenbach
Here This Afternoon—Only
One Bid Presented.

Frank S. Katzenbach, Jr., of Trenton,
as Master in Chancery, came here
yesterday afternoon to sell at auction the
"Fast Line" trolley, which has been in
litigation for some time. The sale took
place at the sheriff's office.

The railroad was sold to the bondholders
for \$200,000.
Mr. Katzenbach opened proceedings by
reading the notice of sale and conditions.
The terms included all property on the
right of way from here to Trenton, and
westward, including the right of way
along the road. The bonds included, not
having yet been received by the receiver.
The bidders were the Finance Committee
of Pennsylvania, Shoup, Jr., and Charles
Mahon, both of Philadelphia, constituting
a purchasing committee named by
the bondholders of the railroad com-
pany.
Bids being called for, the purchasing
committee bid \$200,000. There were no
other bids and the property was struck
and title will be passed on May 4.
The bondholders, it is understood,
endeavor to dispose of the road, and
it is strongly hinted that the Public
Service may buy it. To-morrow
Elizabeth the New Jersey Short Line
Company, which has a right of way from
Smith to Milltown, connecting at the
latter place with the "Fast Line,"
will also be sold. The latter line, if
purchased, would give an air line from
Smith to Trenton, crossing the Raritan
river near Martin's dock. It is
understood that the Public Service wants
this right of way, then connect by
means of the Camden & Trenton line to
Camden.

**EXPERIMENT BY ROCKEFELLER IN-
STITUTE OF VIVISECTION AT
CLYDE MONDAY PROVED FATAL.**

An attempt to experiment upon a horse
of the New Jersey home for the dogs and
other animals operated upon at the Rockefeller
Institute of Vivisection at Clyde,
proved fatal to the beast Monday. Dr.
John Bellotti, of this city, was called,
and his efforts were futile, and the horse
died as the result of the injection of a
poisonous serum a few days before.
While all small animals like dogs, cats,
and monkeys are sent from the
New York Institute for vivisection
and then, if still alive, returned
to the New Jersey home for recuperation
before a second siege in New York. It
is not feasible to ship the horses back and
forth. They are kept permanently at the
Rockefeller home and experiments made
there.
One of these was chosen last Thursday
for a promising candidate for an injection
of serum giving rise to a form of dysentery.
In a short time symptoms showing
that the disease had taken hold broke
out. The man in charge of the
experiment tried to state which
part of the horse was to be tried, but
was unable to do so.

CAPT. HUGHES SCORES THE WATER BOARD

Objects to Purchase of Coal of
Which Ross & Sons Are the
Only Local Agents, Saying
Different Kinds Should Be
Open to Bidding.

James Hughes, the boatman who con-
trols and operates barges between this
city and New York, was granted the floor
at the meeting of the New Brunswick
Water Commissioners last night, and at
once proceeded to score the Board for
their action in advertising for only one
kind of coal. The remarks of Mr. Hughes
came before the opening of the coal bids,
which were received per advertisement in
the daily papers.

Mr. Hughes stated the coal, which was
named in the advertisement, that is "700
tons of No. 1 Logan coal" could only be
purchased in this city from one firm,
Miles Ross & Sons, and as the Board
should be interested in purchasing coal
at the lowest figure, they should have ad-
vertised for No. 1 Logan coal, or its
equal.

MRS. EDWARD GALLAGHER LOSES HER MOTHER

Mrs. Edward Gallagher, of Church
street, has the sincere sympathy of her
many friends in the loss of her mother,
Mrs. Julia Sullivan, wife of Daniel Sul-
livan, of Keyport, who died at her home
yesterday, where she had been spending
the past eleven weeks following an oper-
ation at St. Peter's Hospital. Mrs.
Sullivan was a woman possessing very
lovable qualities which drew about her
a large circle of friends.

NO NEW LICENCES TO BE GRANTED

Excise Board Wants This Un-
derstood, and Implied That
the Axe May Be Used on
Several Keepers—Shapiro
Case Still Under Fire.

The Excise Board is to issue no new
licenses this year nor renew the licenses
of places that have been closed for vari-
ous reasons. This was made plain at
the meeting of the Board held last night.
Commissioner Deshler stated that he
had been approached by several people
interested and asked if the board was
going to create any new places. He
said that he had told them the policy of
the board of last year not to create new
places, would be maintained again this
year.

"I believe there are enough places in
the city at the present time for the
needs of New Brunswick. The board
wants it publicly understood, so that all
those who may have intentions of ap-
plying for a license may be forestalled
and be saved the trouble of having their
applications refused." President John
Elmendorf and Commissioner James An-
derson voiced the same opinion.

teresting Business at Last
Night's Meeting.

One of the interesting things at the
long session of the City Water Com-
missioners last evening was the appeal
received from the employees of the Wa-
ter Board for an increase in wages. It
was signed by all the workmen, about
twenty in number, who stated "Owing
to the high price of the necessities of
life" they desired a raise.
