JOY RIDE IN AIR SHIP ENDS HERE

Party of Three, Including Two Students, Made Trip from Holmesburg, Pa.—Conveyance a Huge Gas Balloon.

New Brunswick entertained some celestial visitors unawares on Saturday afternoon, that is, unawares to the large majority of its citizens. The travelers from the sky reached Atlas Terrace, the beautiful country home of Mrs. Gertrude G. Wilson, on the road beyond St. Peter's Cemetery, via the air line, and were so pleased with the alluring vistas it presented to their view that they decided to go no further.

It was half past four Saturday afternoon that residents of upper French street, engaged in their usual peaceful avocations, were startled by the sight of a huge balloon sweeping across the western horizon, and apparently preparing to make a landing. With the hospitality for which New Brunswickers are noted, those who viewed the airship's approach made ready to receive its occupants with open arms.

In the forefront of the welcoming party was the ubiquitous small boy, while close upon his heels came the representatives of the Home News, and bringing up in the rear a goodly array of citizens, both large and small. Automobiles, bicycles and a large number made the journey on foot. Probably not reckoning on such a reception, the pilot of the balloon had chosen as a landing place a field set back some distance from the road and not as easy as access as some ports that might have been pointed out to him.

Such little difficulties were of no

(Continued on Page Three.)

LILLIAN RUSSELL PAYS THE TOWN A LITTLE CALL

Lillian Russell, the celebrated actress, who seems to have forsaken the rule of the stage to write "Health and Beauty Notes" for New York newspapers and magazines, passed through New Brunswick Sunday, with a party of four youths, and stopped at the Mansion House for lunch, her automobile having had a blowout near this city.

The work of repairing the car was done in front of the hostelry and the mechanician employed hammered on the hoops of the wheels with more noise than one of the city's policemen thought necessary and which, to his mind, disturbed the Sabbath calm of the city. The policeman ordered him to desist, and take the car to a garage, the proper place for such work.

When the famous beauty and actress heard about the incident she laughed merrily.

"Why," said she," the town is so quiet the inhabitants should be pleased to have somebody come to make it up."

Soon after a drum corps and brass band belonging to some foreign society paraded down Albany street, making a hundred times more noise than the mechanician, but the tom-tom was allowed to go unnoticed by the policeman.

Lillian Russell is very fond of Mr. Hayes' Mansion House and stops there frequently. Mr. Hayes says she looks just as young and handsome as he remembers her 20 years ago.

THE FACT

That a commercial house of the standing the The Great Atlantic & Pacific Tea Co. has chosen the Apollo Player Piano (5 prizes) for its Prize Contest should convince you that it is the best Player Piano on the market. Local Agents, Hart Bros., 21 Bayard street. n2-1w*

AFTER ALL

If you have a room to paper, any painting to be done, any wall paper to be hung, our stove has the largest stock; our workmanship the best; our prices the lowest. A call will convince you. Eden & Lorber, Schureman and George streets. Telephone 724-W. o12-tf*

Pabst beer is made right and without that bitter taste usually found in most beer. Once you try Pabst, you will always want Pabst. Order a case to-day. 24 bottles for $1.00, delivered. William Stamm, Distributor, 161 Throop avenue. Tel. 83-J. o3-tf*

LADIES, HOW ABOUT YOUR HATS?

We will soon remove to 88 Church street, and must cut to nearly half price our trimmed and untrimmed hats. Can please you in any style you desire. M. Lewine, 9 Church street. n3-1w*

Smoke the Bedford cigar, 6 cents; $2.50 box. o25-1m*

LOCAL APPEALS LIKELY TO BE NUMEROUS

County Tax Board Has Many Requests from This City--Some Who Want Taxes Pared.

Clerk Wm. A. Spencer, of the County Board of Taxation, reported at a meeting of that body held here this morning that he has already issued upwards of 75 blanks to local property owners who desire to appeal this year's tax assessment. As many as eight or ten blanks have been mailed in a single day in answer to requests from this city.

The indications are that the appeals, outside of New Brunswick, will not be numerous this year, as few requests for blanks have been received. As soon as enough appeals are in hand to warrant calling a special meeting, the County Board will meet here to take up the local appeals. Messrs. Carman and Groves, with Clerk Spencer, attended this morning's meeting.

Three appeals from this city have already been received. Edward A. Brady, treasurer of the New Brunswick Ice Co., has filed an appeal from the assessment of $4,900 placed on the ice houses, coal trestles, stables and tool houses of that company. The appeal does not mention the figure at which the company would like the property assessed.

Isaac Ewing has appealed from an assessment of $1,300 on the canal boats "Mary Ewing" and "Paul Ewing." He asks that the figure be made $300.

B. Blumenthal asks that the assessment of $500 on his stock of shoes at 16 Hiram street be reduced to $100, which he says is the true value.

An appeal has been received from the Port Reading Railroad Co., who state that 34 acres of vacant land in Raritan Township has been assessed as "a house, barn and land." The company would like their tax bill of $2,000 to read $1,020.

Daniel Ringle and Max Masarick, of South River, have appealed from an assessment of $1,000 on their stock of second-hand furniture. They say $500 is the correct figure.

RENG'S MARKET.

That's the place to buy meats, vegetables, and groceries. The next time you have an order, telephone Reng's and you will get just what you ask for, and at a price that will be a saving. Try us the next time. Reng's Market, 59 Hiram street. n6-tf*

BELLINI IS TAKEN TO THE DEATH HOUSE

Italian Who Killed Two in Perth Amboy Seems to Think That His Punishment is to Be Only Imprisonment.

Mariano Bellini, the Italian who killed two comrades at Perth Amboy on September 7, and who was sentenced to the electric chair by Justice Bergen, was taken to the death house in the Trenton prison Saturday night by Deputy Sheriff Edward F. Houghton.

Bellini will be executed in the week beginning December 4, unless a stay is granted. It is expected that a move will be made by his counsel, Former Senator Strong, to have his mental condition again inquired into.

The Italian's talk on the way to prison Saturday indicated that he did not fully comprehend the fate in store for him. In his own country there is no capital punishment, and he seemed to think that he was going to be punished by imprisonment.

"I'd rather go to the Reformatory than to prison," he said. "I'll work hard and do anything they tell me."

He will be kept in solitary confinement in the death house until the time of his execution, or until he is brought back for further proceedings, if that course is taken.

CASH REGISTERS AT MODERATE PRICES

The up-to-date American check printing and autogram registers are sold at moderate prices and on easy terms. Gives receipt to every purchaser. Assures protection and increases your profits. Repairing and supplies furnished. The American Cash Register Co., P. C. Teel, sales agent, 8½ Church. o21-tf*

MANLEY GIRL ASSAULTED IN NEWARK

Ten Year Old Daughter of William Manley, Formerly of This City, is in Hospital --Identifies Her Assailant.

Loretta Manley, the ten year old daughter of Mr. and Mrs. William Manley, who was attacked by a man after he had lured her off, in Newark on Saturday, formerly lived in this city. Up to a few years ago Mr. Manley was in the saloon business on Burnet street. From this city he went to Newark, and only on Friday started in the saloon business.

The girl who was the victim of the assault was almost choked to death, and besides a bruised and swollen neck, suffered other injuries of a character so severe that she was taken to a hospital for treatment, after identifying a man who said his name was William Strawway as her assailant.

An Italian girl first heard the screams of the frightened child, and she ran home and told of it. In a minute a number of Italians rushed to the scene and started to beat the accused man. Only the prompt arrival of the police saved the man from death.

AENEAS RYAN DIES FROM FALL

Oldest Baggagemaster of Pennsylvania Line Succumbs to Injuries at St. Peter's Hospital.

Eneas Ryan, an old resident of this city, died at St. Peter's Hospital Saturday night, after suffering several weeks with concussion of the brain, the result of a fall sustained at his boarding house on George street, several weeks ago.

Mr. Ryan was known to thousands of New Brunswickers and figurely largely in their coming and goings, he being baggagemaster at the Pennsylvania Railroad station here. The deceased was highly respected by all who knew him and had many friends. He was one of the oldest men in point of service along the Pennsylvania line.

Mr. Ryan was 60 years of age and is survived by a son, Edmund A. Ryan, and three daughters, Helen M., Cecelia and Marcela, all of this city.

The funeral services will be held from his late home, the residence of his niece, Mrs. A.J. Brown, 67 Stone street, on Tuesday morning at 9:30 and from St. Peter's Church at ten o'clock. Undertaker McDede has charge of the arrangements.

BOUND BROOK WILL GET A STATE SENATOR

Both Candidates Live There, But the Chances Seem to Favor the Election of Former Assemblyman W. W. Smalley.

BOUND BROOK, Nov. 6.—There is more than the usual interest in the Somerset County Senatorial contest, which will be settled at the polls on Tuesday, owing to the hard work which is being done in behalf of the two candidates, former Assemblyman W. W. Smalley, on the Republican side, and former Assemblyman George M. LaMonte, on the Democratic side.

W. W. SMALEY.

Both live in Bound Brook, and much of the activity in their campaigns centres here or is directed from here. Governor Wilson came into the county this week, and spoke in behalf of the election of Mr. LaMonte, arousing some enthusiasm. Close observers of the situation, however, expressed a belief that it was not of the lasting kind, which would result in substantial expression at the polls.

That Mr. Smalley leads in the fight is regarded as a certainty. He has an excellent Assembly record of several terms, a reputation second to none gained in his large business interests, a backing of considerable strength which is due to his activity in building and loan association circles, and his connection with the New Jersey State League of those organizations.

Added to all these is his personal popularity and the fact that throughout the country the Republican party is a unit. Peace reigns where factional differences previously existed, and there is a harmonious struggle for party victory, with Mr. Smalley as the standard-bearer.

Mr. LaMonte was in the Assembly last year and is a Wilson Democrat, but his chances for victory on Tuesday are declared to be seriously handicapped by Democratic disturbances in the county, and by the fact that in Somerset county as in other sections of the State, there is a lack of campaign funds.

The Swackhammer local option fight prior to the primaries has left some sore spots, and there is also said to be illfeeling in some quarters against Candidate LaMonte over a local public school fight last spring. It is regarded as almost impossible for LaMonte to overcome this combination of circumstances.

THE LAST WORD IN VACUUM CLEANERS

The simplest and most wonderful electric vacuum cleaner is the new MAGIC BLUE STREAK, which is now being demonstrated by R. Montalvo, Jr.

Although this efficient little machine does better work than other styles, it sells for only $38. Mr. Montalvo will gladly demonstrate the Magic in your home without charge if you will phone 142-L. n6-tf*

SLATER PROVED HIMSELF A HERO

College Student Risked Life to Save Young Charges—Boy With Fractured Skull Expected to Recover.

That James R. Slater, the Rutgers College student who was with the boys run down by a train on the railroad trestle near Milltown Saturday morning, proved himself a hero was the verdict of all who heard the details of the accident from the lips of the boys. Withal, the young man, who was in charge of the boys, has been severely censured for undertaking the passage over such a dangerous spot as this trestle is known to be.

The train service on the Raritan River Railroad is so infrequent, however, that just such chances are taken by boys and older persons daily. The bridge in question spans Lawrence Brook, just west of Milltown, and is fully thirty feet high. Its floor-way is made of open cross ties, upon which but an insecure footing can be obtained.

It appears that the party, which, as stated in Saturday's Home News, was composed of John Hendricks, Albert Hardy, Robert Swain and Eddie Reeves, had nearly reached the east end of the bridge on a "hike" toward Milltown. The boys are all members of the "Home Guards," an organization of the First M. E. Church. Hearing a train approaching, all made a dash for safety and probably would have succeeded had not young Hendricks got his foot caught in some way between the ties.

The Hardy boy stopped to help him and Mr. Slater, directing the other two boys to continue, went back to where Hendricks was vainly trying to extricate himself. Just as their combined efforts succeeded in wresting the foot free, the train swept into sight, only a short distance away. In this emergency, Mr. Slater retained his presence of mind and advised his young charges to lie flat along the edges of the ties, on the outside of the rails, himself taking the position nearest the oncoming train.

Like many of the trains on the R. R. R. R., this proved to be a combination train, made up principally of freight cars, but with a passenger car attached at the rear end. The projecting steps of this car struck Mr. Slater, and he with the boys, was swept from their precarious positions to the gully thirty feet below. Fortunately they had passed beyond the waters of the brook, thus obviating the danger of drowning.

All sustained pretty severe injuries, John Hendricks being the greatest sufferer. He was picked up unconscious and taken to St. Peter's Hospital, where he was found to have a slight fracture of the skull. The Hardy boy suffered a broken leg and was taken to his home on Drift street. Mr. Slater was badly shaken up but escaped having any bones broken. At St. Peter's Hospital today it was stated that young Hendricks was gaining nicely and is expected to pull through all right. The Hendricks boy is a nephew of Freeholder Peter H. S. Hendricks.

Frank Hoffman, superintendent of the Raritan River Railroad, was here investigating the accident. He said that the train was going slowly at the time. All trains going south have to go slowly at this point because the bridge is approached around a sharp curve.

"The train was going at the rate of about ten miles an hour," said Mr. Hoffman. "The fireman saw the party on the bridge, near the end closest to the train and called to the engineer, who put on the air. If the boys had run a few feet toward the Milltown end of the bridge they would have been unhurt, but they were panic stricken and stood stockstill until the engine hit them."

NOTICE TO PROPERTY OWNERS AND BUILDERS

Your painting and paperhanging work can be done with the best material for reasonable prices. Drop us a line or telephone 246-W and we will call. The prices and good quality will surprise you. We also carry full line of paper and paint supplies, also varnishes. M. Levine & Co., 34 Hiram street. Telephone 246-W.

The annual tea and exhibition of garments of the Needlework Guild will be held on Thursday, Nov. 9th, at 3 o'clock, at 21 Bayard street (formerly Tea Cup Inn), instead of at Bruns' Church street store. n3-6-8*

LOOKS LIKE A MIXED RESULT

Biggest Possible Surprise of To-morrow's Election a Clean Sweep for Either Side — Republican Chairman Claims 7 Candidates' Election.

A mixed result is prophesied as the probable outcome of to-morrow's election. Not lasides practically admit that forecasting is more than usually precarious and that there may be any kind of surprises.

John Pfeiffer, of Perth Amboy, Republican county chairman, in an interview in a Perth Amboy paper, declares that his party will elect seven of the county candidates. The ones he picks are the three Assembly candidates, Alfred S. March, candidate for Surrogate, William C. Wilson, William S. Dey and J. E. Bennett, candidates for Freeholders.

Thomas H. Hagerty, the Democratic chairman, on the other hand, declares that the whole Democratic ticket is going to be elected.

There is no doubt that the new system of registration has helped Republican chances. More of that party's vote is on the registration books in the towns of over 5,000 than of the Democratic vote. This means that a big vote will make Republican success more likely. There will be, however, more split tickets voted than ever, owing to the character of the new ballot, and there will be, for the same reason, more ballots thrown out than ever. And there could be no more surprising result than a clean sweep either way.

In the city the chances favor the reelection of Mayor Morrison, Republican, and almost to the same extent, the return of Recorder Edward J. Houghton, Democrat. The complexion of the next Board of Aldermen is very much in doubt. The Democrats must elect only three out of six to get control, while the Republicans need four. James H. Curran, Democrat, has no opposition in the Third Ward, and his party is practically sure of electing Francis Cox in the Sixth.

Henry B. Blaine, Republican, will carry the Fourth, in spite of the popularity of Alderman Goodwin, and the Republicans also have a little the best chance in the First and Fifth. The Second is problematical because there are two Republican candidates. Leonard Wehrfritz, the "independent" Republican, may draw off enough votes to defeat George W. Collins, the party nominee. James Brown is the Democratic candidate who may squeeze in by the opposition split.

New Law Confusion.

Judge Daly sat to-day to grant transfers to voters who could show that they had moved from one district to another since registering, and a new source of confusion due to the new law arose. Heretofore the County Board of Elections has had charge of the poll books at the court house. Now the books are not filed with this Board, and the court had no way of checking up the applicant's statement as to where he was registered.

There were several on hand to be transferred, but most of them asked simply to be transferred from one district to another in the same ward, and there was no contest.

The County Board sat to fill vacancies in lists of election officers.

The Transfers.

Transfers granted by Judge Daly today included the following:

Charles Koster, third poll, Third Ward to first poll, Third Ward; Joseph H. Ludwig, third poll, Second Ward, to second poll, First Ward; George H. Warner, third poll, Fourth Ward, to second poll Sixth; Edward Voorhees, third poll, Fourth, to first poll, Second; L. Harkey, Jr., first poll First, to second poll, First; A. L. Eden, third poll second, to first poll Fourth; F. P. Kirby, second poll Fifth, to second poll Sixth; W. F. Howard, second poll First, to third poll First; Simon Dunn, second poll Second, to first poll Second; Ira Franklin, second poll Second, to first poll Second; Karoby Huszar, second poll First, to third poll First; George B. Hardenberg, second poll Second, to first poll Fourth; Clarence Puerlly, first poll First, to second poll Third; John Nuorske, first poll First to second poll First; Daniel O'Connor, first poll Sixth to third poll Third; Isaac Hovensack, first poll Fourth to second poll, Third; James Kellet, first poll Fourth to second poll Third; Charles Eling, fourth poll Fourth, to first district Raritan township; Andrew Kirkpatrick second to first district, Highland Park.

M'FARLAND MAKES PLEA OF "NOT GUILTY"

NEWARK, Nov. 6.—Allison MacFarland, charged with poisoning his wife with cyanide of potassium on October 3, was arraigned before Justice Gummere in the Supreme Court to-day. MacFarland pleaded not guilty to the indictments, and trial was set for January 8.

Edward J. Houghton a Clean Cut Candidate For City Recorder

Interest in the election of a Recorder for this city is attracting the attention of thoughtful voters. It is an office of much importance; one which can either be used to further the purposes of a political machine or in behalf of the betterment of humanity. The city Recorder in this city has the power of a police magistrate; is authorized to dispose of petty criminal matters; is in a position to patch up family quarrels before they have become public property and has the opportunity to deal with offenders of tender years. It is an office where heart plays an important part.

For the past three years Edward J. Houghton, who was born in this city, and who has spent his whole life here, has filled this important office, and as he is a candidate for re-election a glance at his conduct of the office is proper at this time. It is a duty voters owe to themselves and to the city.

No one will accuse Recorder Houghton

(Continued on Page Three.)

Every Voter Must Sign Name

Voters in the districts with population under 5,000 were doubtful today as to whether they were compelled to sign their names to the poll book before voting.

Section 61 of the Geran election law makes it plain that every voter, whether in districts under 5,000 or over, must first give his full name and address to the member of the election board having charge of the poll book, and then sign his name thereto.
